Law Determining Official Holidays of the Country

Reviewed · Scope: legal_basis · Checked 2026-10-02

Defines the fixed and Islamic lunar official holidays. Cabinet-declared one-off closures are excluded unless specifically evidenced. Friday is the weekly holiday, not a substitute-day rule.

This planner preserves the calendar's recorded statuses. Historical context and institution-specific evidence do not independently confirm every public-holiday date. A checked date below a source is the evidence review date, not a new verification performed when downloading.
