Listed days can include closure periods, not just a festival's observance date. Follow the holiday links for the reviewed date roles. Estimated dates may change.

Assumed weekend: **Saturday and Sunday**, plus the listed public holidays. This is a planning assumption, not a universal legal workweek. Employer schedules may differ. Jurisdictions are calculated independently. Local, sector-only and part-day entries are excluded.

JTKSM

JTKSM: Employment Act 1955, section 60D

Confirmed · Scope: coverage · Checked 2026-09-26

Employment Act section 60D describes five mandatory plus six employer-selected gazetted holidays in its applicable scope, with additional section 8 days separate. This is explanatory employment information, not a prerequisite for publishing official public-holiday dates. Generic choice and mandatory/dependent occurrence capabilities are implemented and preserved. Public-calendar coverage must state jurisdiction and date certainty; employer closures are not predicted.

This planner preserves the calendar's recorded statuses. Historical context and institution-specific evidence do not independently confirm every public-holiday date. A checked date below a source is the evidence review date, not a new verification performed when downloading.
